To his Excellency, William Irwin, Governor of California:

DEAR SIR: In accordance with the requirements of Section 483, of the Political Code, concerning the office of Surveyor-General, I have the honor to submit the following report of the transactions of this office from August 1st, 1877, to August 1st, 1879.

For a full and complete statement of the condition of the seminary, public building, and 500,000-acre grants, see the supplemental report which accompanies this report.

On account of the unsettled condition of the several grants of land made to this State, the Honorable Commissioner of the General Land Office, on January 22nd, 1879, issued instructions to the Registers and Receivers of the United States Land Offices not to receive nor file any further selections on account of any land grant to the State of California, and in order that a final adjustment of the grant of seventy-two sections for a seminary of learning, and the grant of ten sections for public buildings, might be made as soon as possible, the Honorable Commissioner, on May 2nd, 1879, requested this office to furnish him with a detailed statement of the condition of all selections made by this State under these grants, and on May 5th, 1879, made a similar request in relation to the condition of all selections under the grant of 500,000 acres for internal improvements.

In compliance with these requests, I had lists of all selections under the grants of ten sections and seventy-two sections carefully prepared, and forwarded the same to the Honorable Commissioner on June 4th, 1879.

I am now preparing a similar list of selections under the 500,000-acre grant, and will publish the same as a supplemental report.

Since January 22nd, 1879, no new selections have been made under either of the above named grants, or under the grant of lands in lieu of 16th and 36th sections.

COUNTY BOUNDARIES.

On the 29th day of May, 1878, at the request of the Board of Supervisors of Plumas County, Arthur W. Keddle was appointed to run the boundary line between the Counties of Plumas and Butte.

The map and field notes of this survey were filed in this office on September 30th, 1878, and the survey was approved on December 12th, 1878.

No other boundary survey has been run under my instructions from this office since August 1st, 1877, the date of my last report.

It seems certain, however, that the w 1/2 of se 1/4 was intended, because that is the land claimed under the location, and otherwise the tracts would not be contiguous. The e 1/2 of se 1/4 of sec 7 was patented to the Southern Pacific Railroad Company, December 12 th , 1874.
